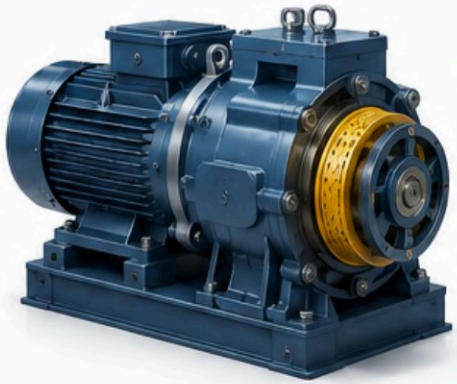
Elevator Machines – Overview

We offer a wide range of elevator machines to suit each project's nature and its performance, load and travel requirements.

Hydraulic Machine

Ideal for low-rise buildings and medium loads.

Geared Machine



Reliable performance and high torque for mid- and high-rise projects.

Gearless Machine

High efficiency and quiet operation, ideal for modern projects.

شركة سكايفا للمصاعد
SKAYVA.CO.

Gearless, Gearbox & Hydraulic Machines

Versatile drive solutions that meet the needs of modern projects at varying levels of efficiency, power and cost.

Gearless

High efficiency and quiet operation, ideal for towers and modern projects.

Gearbox

A practical, economical solution for mid-rise buildings.

Hydraulic

Ideal for low-rise buildings, easy to install and maintain.

شركة سكايفا للمصاعد
SKAYVA.CO.

Elevator Guide Rails

Guide rails are core elevator components that ensure stable, safe vertical travel for both the car and the counterweight. We supply high-quality rails manufactured with exceptional precision to the highest standards, for smooth and long-lasting performance.

Precision Made

Precisely manufactured for perfect alignment and reliable performance.

Smooth Motion

Smooth travel with reduced vibration for passenger comfort.

High Load Capacity

Built to withstand repeated loads in all operating conditions.

Full Compatibility

Compatible with all elevator types; easy to install and maintain.

شركة سكايفا للمصاعد
SKAYVA.CO.

Automatic & Manual Elevator Doors

We supply high-quality automatic and manual elevator door systems to meet the needs of every project.

Automatic Doors

- Smooth, quiet operation
- High safety & smart sensors
- Modern, integrated design
- Ideal for modern, high-traffic buildings

Manual Doors

- Practical, economical solution
- Reliable and easy to operate
- High durability & long service life
- Ideal for residential & simple buildings

شركة سكايفا للمصاعد
SKAYVA.CO.

Traction Sheaves & Pulleys

Traction sheaves and pulleys are among the most important drive and motion components in elevator systems. They transmit motion smoothly and efficiently, ensuring safe, precise performance and continuous operation at the highest level.

- **Precise Rotation**
- **Strong Load Capacity**
- **Stable Operation**
- **High Quality**

شركة سكايفا للمصاعد
SKAYVA.CO.

Mechanical Components & Parts

Skayva Elevators supplies a complete range of high-quality mechanical components and parts, designed to withstand intensive operating conditions and support the highest levels of safety and operational efficiency.

Genuine Parts

Certified original spare parts

Fasteners

Bolts, nuts & mounting bases

Counterweights

Car and counterweight balancing

Chassis

Reinforced load-bearing frames

Brakes

Safe mechanical brake systems

شركة سكايفا للمصاعد
SKAYVA.CO.

Interior & Exterior Control Panels

We provide interior and exterior control panels with elegant design and advanced technology for a smooth, safe user experience — combining visual clarity with ease of operation to meet the highest quality standards in residential, commercial, medical and hotel buildings.

Interior Panel

Car operating panel with a premium finish and a high-clarity digital display.

- Clear illuminated buttons
- Digital display screen
- Elegant, durable design

Exterior Panel

لو Modern hall call panel built to withstand external conditions.

- Elevator direction display
- Illuminated call button
- Rugged, durable frame

شركة سكايفا للمصاعد
SKAYVA.CO.

Electrical Accessories & Sensors

Electrical accessories and sensors are essential elements of modern elevator systems. They ensure correct operation, monitor performance and respond instantly to any incident — enhancing reliability and protecting users at all times.

Door Sensors

Detect movement for safe, precise door opening and closing.

Electrical Wiring

High-quality cables for a stable, safe power supply.

Control Buttons

Robust, responsive buttons for easy, comfortable use.

Safety Components

Advanced protection for passenger safety.

شركة سكايفا للمصاعد
SKAYVA.CO.

Controllers & Control Boards

We provide advanced controller solutions and high-performance control boards that manage elevator motion with precision and efficiency, meeting the highest safety and reliability standards for stable performance and a comfortable user experience in all conditions.

Smart Control
Advanced systems that manage motion and speed with high precision.

Operational Stability
Reliable performance and fast response in all conditions.

Flexible Programming
Customizable settings to suit the needs of different buildings.

High-Quality Boards
Certified boards and reliable components for a longer service life.

شركة سكايفا للمصاعد
SKAYVA.CO.

Rescue Devices & Emergency Batteries

Rescue devices and emergency batteries keep the elevator running during power outages, protecting passengers and enabling smooth, safe rescue operations in line with the highest standards of quality and reliability.

Emergency Mode
Keeps the elevator running automatically during power cuts.

Safe Rescue
Moves passengers to the nearest floor and opens the doors automatically.

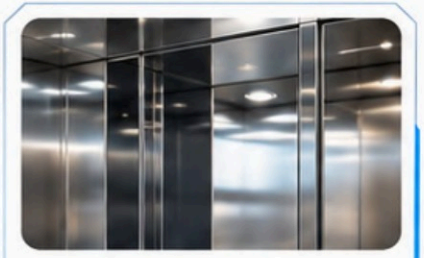
Reliable Batteries
High-quality batteries for stable, dependable performance.

Rapid Response
Fast-acting systems that keep passengers safe at all times.

شركة سكايفا للمصاعد
SKAYVA.CO.

Stainless Steel & Cabin Finishes

Skayva Elevators offers a distinctive range of premium stainless steel finishes and refined cabin patterns that give your elevators an elegant, modern look.



Mirror Stainless

A modern touch that reflects luxury

Hairline

Elegant look with fine brushed lines

Gold PVD

A luxurious, long-lasting finish

Decorative Patterns

Varied designs to suit every taste

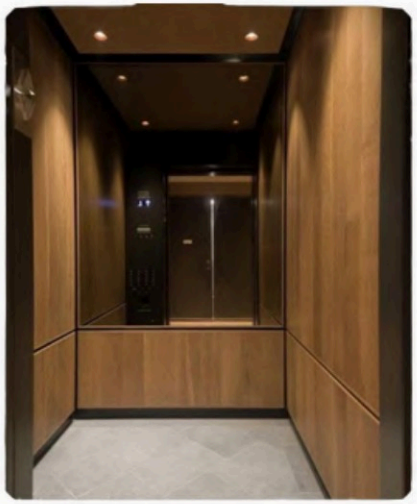
شركة سكايفا للمصاعد
SKAYVA.CO.

Elevator Cabin Types

Skayva Elevators offers a diverse range of elevator cabin designs for every use — from practical projects to luxury developments.

Standard Cabins

Practical, reliable designs with high-quality materials for daily use, offering the best balance of quality and value.



Modern / Upgraded Cabins

Contemporary designs with modern finishes and innovative lighting for a comfortable, elegant experience.

Classic & Luxury Cabins

Luxurious classic designs with refined details and distinctive finishes for premium projects.

شركة سكايفا للمصاعد
SKAYVA.CO.

Standard Cabins

Skayva Elevators offers standard cabins with a practical design, high quality and great economic value — suited to daily use in residential and commercial buildings.

Practical Design

A simple, functional design that efficiently meets everyday needs.

High-Quality Materials

Durable finishes and premium materials for lasting, stable performance.

Ideal for Daily Use

A comfortable, quiet cabin offering a safe, smooth ride every day.

Balanced Value

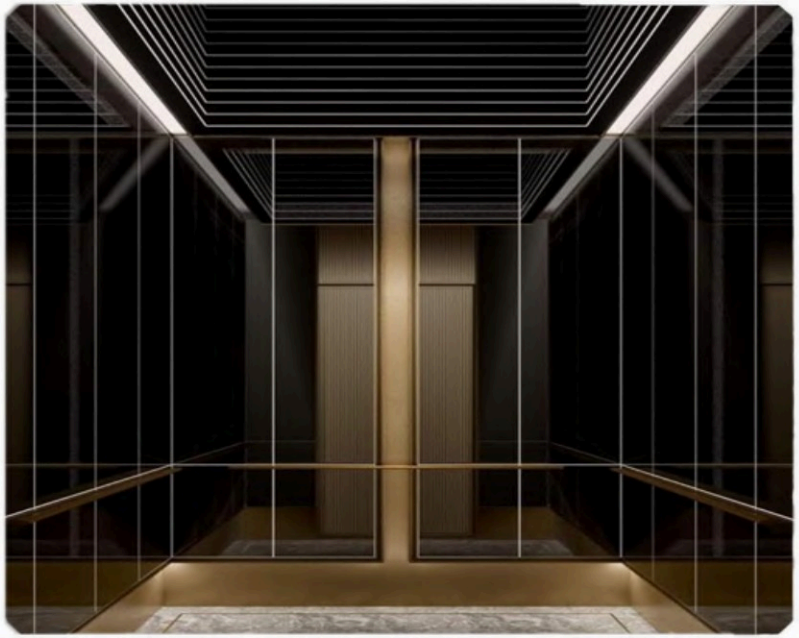
The ideal balance of quality, reliability and cost for a range of needs.

Skayva Standard Cabins combine durability with the essential features you need for daily travel — the ideal choice for residential and commercial projects seeking quality and reliability at a reasonable cost.

شركة سكايفا للمصاعد
SKAYVA.CO.

Modern / Upgraded Cabins

Skayva modern / upgraded cabins blend contemporary design with advanced technology to deliver an exceptional experience with higher standards of comfort and safety.



Contemporary Design

Modern lines and premium materials that reflect the latest trends.

Modern Lighting

Advanced LED systems that provide ideal illumination and enhance the cabin's look.

Advanced Technology

Smart controls and digital displays for smooth, refined operation.

Comfort & Elegance

Practical spaces and premium finishes for exceptional comfort and a sense of luxury.

Skayva Modern / Upgraded Cabins combine high performance, modern technology and refined design — an integrated solution that meets your aspirations and elevates travel in every building.

شركة سكايفا للمصاعد
SKAYVA.CO.

Classic & Luxury Cabins

Skayva Elevators offers classic and luxury cabins with refined designs and distinctive finishes, adding a touch of luxury and distinction to upscale residential and commercial projects.

Refined Luxury

Luxurious classic designs that give your elevator an upscale look.

Decorative Details

Fine engravings and ornaments that add a unique aesthetic to the cabin.

Premium Materials

Gold stainless steel, decorative glass and natural marble.

Luxury Finishes

Precisely crafted finishes that combine uniqueness, durability and beauty.

Skayva Classic & Luxury Cabins are designed for upscale projects seeking distinction and elegance — giving every cabin a unique character that blends art and engineering for an exceptional ride.

شركة سكايفا للمصاعد
SKAYVA.CO.

Cabin Ceilings & Lighting

Skayva Elevators offers innovative cabin ceiling designs with multiple lighting options that enhance the interior ambience and create a comfortable, attractive experience.

Varied Designs

A wide range of ceiling designs to suit different tastes and needs.

LED Lighting

Energy-efficient LED lighting in warm and cool tones.

Elegant Look

High-quality finishes that reflect luxury and complement the cabin.

Ideal Light Distribution

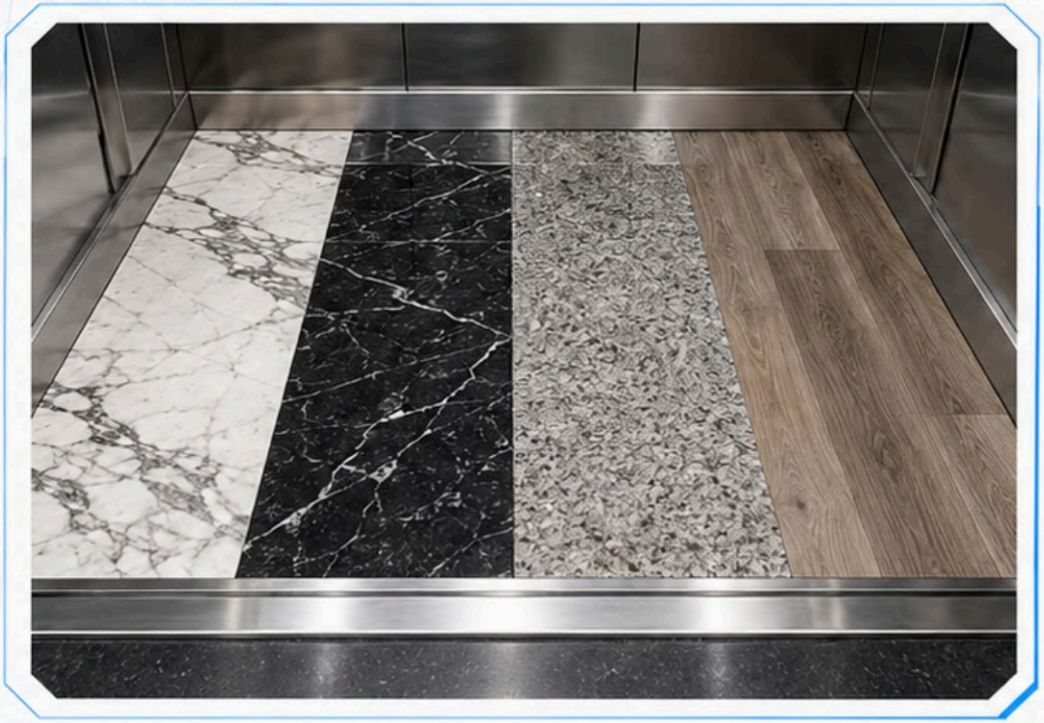
Engineered for balanced light and optimal visual comfort.

Our cabin ceilings and lighting are carefully designed to create a comfortable, attractive interior — the ideal choice for those who value quality, beauty and efficiency in every detail.

شركة سكايفا للمصاعد
SKAYVA.CO.

Elevator Flooring – Marble & PVC

Skayva Elevators offers a diverse range of flooring solutions for elevator cabins, combining beauty, durability and easy maintenance to suit every use and design.



Natural Marble

A luxurious touch that adds elegance to the cabin's classic look.

Practical PVC

Flexible, moisture-resistant flooring that is easy to clean.

High Durability

Materials built for heavy daily use and a longer lifespan.

Multiple Options

A wide range of colors and patterns for every design and need.

At Skayva we provide flooring that combines high quality with distinctive design — meeting our clients' expectations and adding aesthetic and practical value to every ride.

شركة سكايفا للمصاعد
SKAYVA.CO.

Handrails, Mirrors, Wood & Décor

Skayva offers a complete range of interior finishing elements that add beauty and luxury while enhancing user comfort and the everyday ride.

Elegant Handrails

Modern, high-quality handrails for user comfort and safety.

High-Clarity Mirrors

Crystal-clear mirrors that enhance the sense of space and luxury.

Wood & Décor

Luxurious wood panels and décor for a warm, refined feel.

Premium Finishes

Distinctive metal and decorative finishes for a unique look.

Choosing the right finishing elements reflects your project's identity and elevates the user experience. At Skayva, we deliver finishes that combine aesthetic quality with high durability to suit every taste and need.

شركة سكايفا للمصاعد
SKAYVA.CO.

Door Cladding & Exterior Facades

Skayva Elevators provides door cladding and exterior facade solutions with modern designs and luxurious finishes, giving buildings of every type a refined look and strong protection.

Clad Doors

Premium elevator door finishes that reflect the building's identity.

Exterior Facades

High-quality cladding panels that enhance the building's look.

Durability & Elegance

Weather-resistant materials that keep their look for years.

Multiple Options

A wide range of materials and colors for every taste and project.

Skayva's door cladding and exterior facades combine architectural beauty with high durability — with tailored solutions that fit your project's requirements and raise the building's value.

شركة سكايفا للمصاعد
